SWEET CANDLE (50 MINUTES) - OUR MUST HAVE

A sensory experience designed to envelop body and mind in a warm embrace of relaxation. The massage candle, crafted with natural oils and precious butters, melts gently upon contact with the skin, transforming into a warm oil that deeply nourishes and softens. Enveloping, harmonious movements release tension, stimulate circulation, and provide a profound sense of well-being. The delicate fragrance enhances every gesture, amplifying comfort and pleasure.

The Sweet Candle Massage is the perfect treatment for those seeking a moment of luxury and regeneration, letting themselves be carried away by a truly unique experience.

HOT STONE (50 MINUTES)

A treatment that combines the warmth of volcanic stones with targeted movements to release tension and muscle stiffness.

Placed on the body's energy points, the stones stimulate circulation and promote deep relaxation. Precise, enveloping techniques work in harmony with the heat, restoring lightness, flexibility, and overall bodily harmony.

Perfect for those looking to relieve stress, rejuvenate muscles, and regain complete physical and mental balance.

PINDASWEDA (50 MINUTES)

An ancient Ayurvedic ritual that combines warmth, skilled touch, and carefully selected herbs for a deeply nourishing experience.

Small pouches of herbs and spices, gently warmed, are massaged over the body with rhythmic, enveloping movements. The heat and the plants' natural properties help release muscle tension, stimulate circulation, and restore a sense of lightness and harmony.

Ideal for those seeking to melt away stress and stiffness, rediscover balance, vitality, and complete regeneration.

DETOX RITUAL (50 MINUTES)

A treatment designed to bring lightness and well-being to the legs.

The ritual begins with the application of wraps or mud, which stimulate microcirculation and support the natural balance of the tissues. TIBETAN BELLS (30 MINUTES)

A multisensory experience that combines the power of sound with the gentleness of massage, designed to restore balance to body, mind, and spirit.

Tibetan singing bowls, placed gently on the body or played nearby, emit harmonic vibrations that release deep tension and stimulate internal energy. Light, enveloping massage movements enhance the effect of the vibrations, promoting deep relaxation and a sense of lightness. The sound of the bowls accompanies breathing and the body's energetic flow, creating an atmosphere of calm and serenity.

Ideal for those seeking to restore inner balance, reduce stress and tension, and enjoy a regenerating, spiritually uplifting wellness experience.
